To add Tables to a Page, ensure you have TinyMCE Advanced Plugin Installed

The screenshot displays the WordPress admin interface for adding a new page. The top navigation bar shows the user 'Simon Doherty' and several menu items: '1', 'New', 'Gallery', and 'WPSQT'. The left sidebar contains various management options, with 'Pages' and 'All Pages' highlighted by red circles. The main content area is titled 'Add New Page' and features a page title 'Table Page', also circled in red. Below the title, the permalink is shown as 'http://ccdm02.designbysimon.com/table-page/' with an 'Edit' button. The TinyMCE editor toolbar is visible, with the 'Table' icon circled in red. A tooltip below the icon reads 'Inserts a new table'. The toolbar includes standard text formatting options like bold, italic, underline, and link, as well as more advanced features like table insertion and removal.

Install Plugins

The screenshot shows the WordPress 'Install Plugins' interface. The left sidebar contains navigation links: Dashboard, Posts, Media, Links, Pages, Comments, Appearance, **Plugins** (highlighted with a red box), Installed Plugins, **Add New** (highlighted with a red box), Editor, Users, Tools, Settings, and Collapse menu. The main content area is titled 'Install Plugins' and includes a search bar with the text 'TinyMCE Advanced' and a 'Search Plugins' button, both highlighted with red boxes. Below the search bar, there are 'Popular tags' and a list of tags including 'admin', 'AJAX', 'buddypress', 'category', 'comment', 'comments', 'content', 'email', 'Facebook', 'feed', 'flash', 'gallery', 'google', 'im', 'jquery', 'link', 'links', 'media', 'page', 'pages', 'photo', 'photos', 'plugin', 'Post', 'posts', 'rss', 'seo', 'shortcode', 'sidebar', 'social', 'widget', 'widgets', 'wordpress', and 'youtube'.

- To add plugins to your site, select **Plugins - Add New**
- In the **Search** text field box, enter **TinyMCE Advanced**
- Select **Search Plugins**

Install TinyMCE Advanced

The screenshot shows the WordPress 'Install Plugins' interface. The search bar contains 'TinyMCE Advanced'. The first search result is 'TinyMCE Advanced', with its 'Install Now' link highlighted by a red circle. A confirmation dialog box is overlaid on the right, asking 'Are you sure you want to install this plugin?' with 'Cancel' and 'OK' buttons. The 'OK' button is also highlighted by a red circle. Below the dialog, a list of other plugins is visible, including 'TinyMCE Advanced qTranslate fix editor problems' and 'Ultimate TinyMCE'. A red-bordered box at the bottom contains instructions for installation.

- Select the **Install Now** link below the title TinyMCE Advanced
- Select **OK** from the pop up “Are you sure you want to install this plugin?”

Activate the Plugin

The screenshot shows the WordPress dashboard interface. The top navigation bar includes the WordPress logo, the user name 'ccdm', a notification icon, and a '+ New' button. The left sidebar menu is expanded to the 'Plugins' section, which is highlighted in dark grey. Below 'Plugins', the sub-menu items 'Installed Plugins', 'Add New', and 'Editor' are visible. The main content area displays the 'Installing Plugin: TinyMCE Advanced 3.4.9' progress screen. The progress steps are: 'Downloading install package from http://downloads.wordpress.org/plugin/tinymce-advanc', 'Unpacking the package...', and 'Installing the plugin...'. A confirmation message states 'Successfully installed the plugin TinyMCE Advanced 3.4.9.'. Below this message, the 'Activate Plugin' link is circled in red, and a yellow button labeled 'Activate this plugin' is positioned directly underneath it. A blue link 'Return to Plugin Installer' is also present.

Activate this plugin

Select Settings - TinyMCE Advanced

Drag the Table Edit icons to the third row

The screenshot shows the WordPress Settings page for TinyMCE Advanced. The left sidebar has the 'Settings' menu item highlighted. The main content area is titled 'TinyMCE Buttons Arrangement' and contains three rows of toolbars. The third row is highlighted with a red box and contains table-related icons. A red arrow points from this row to a larger red-bordered box at the bottom of the page containing instructions.

• Select Settings - TinyMCE Advanced

• Click and drag the **table icons from the bottom rows to the top rows**

To add Tables to a Page, select the Inserts a new table icon

The screenshot displays the WordPress 'Add New Page' editor interface. The top navigation bar includes the WordPress logo, the user name 'Simon Doherty', and several icons for navigation and actions. The left sidebar contains a menu with 'Dashboard', 'Posts', 'Media', 'Links', 'Pages', 'All Pages', 'Add New', 'Comments', 'FAQs', 'Contact', 'Appearance', 'Plugins 1', 'Users', 'Tools', 'Settings', and 'Gallery'. The main content area shows the page title 'Add New Page' with a document icon, and the page name 'Table Page' is highlighted with a red circle. Below the title, the permalink is shown as 'http://ccdm02.designbysimon.com/table-page/' with an 'Edit' button. The 'Upload/Insert' toolbar is visible, featuring various icons for text formatting, media, and tables. The 'Inserts a new table' icon, which depicts a pencil writing on a table grid, is circled in red. A tooltip below this icon reads 'Inserts a new table'. The main text area is currently empty.

In the Insert/Edit Table window, enter a number for Columns and Rows

The screenshot displays a CMS interface with a modal dialog box titled "Insert/Edit Table". The dialog box has two tabs: "General" and "Advanced". Under the "General Properties" section, the "Columns" field is set to 3 and the "Rows" field is set to 6. Both the "Columns" and "Rows" input fields are circled in red. The dialog box also includes fields for "Cell Padding", "Cell Spacing", "Alignment" (set to "-- Not set --"), "Border" (set to 0), "Width", "Height", "Class" (set to "-- Not set --"), and "Table Caption" (unchecked). At the bottom of the dialog are "Insert" and "Cancel" buttons. The background shows a page editor with a toolbar and a sidebar.

Path: p
Word count: 0
Draft saved at 8:15:31 pm.

Select Alignment - Center to position the Table in the Centre of the Page

The image shows a screenshot of a CMS interface with a modal dialog box titled "Insert/Edit Table". The dialog has two tabs: "General" and "Advanced". Under the "General Properties" section, the "Alignment" dropdown menu is open, showing options: "Not set", "Center", "Left", and "Right". The "Center" option is highlighted with a blue background and a red circle. Other settings in the dialog include "Columns" set to 3, "Rows" set to 6, "Cell Padding", "Cell Spacing", "Border" set to 0, "Width", "Height", "Class", and "Table Caption" (unchecked). The background interface shows a page editor for "Table Page" with a toolbar containing various editing tools like bold, italic, underline, and list. The status bar at the bottom indicates "Draft saved at 8:15:31 pm." and "Word count: 0".

**Enter a number for the Width of the Table,
to fit the Table within inside the Page content
To add a Border to the Table, enter a number for the Border**

The screenshot displays a web editor interface with a modal dialog box titled "Insert/Edit Table". The dialog has two tabs: "General" (selected) and "Advanced". Under "General Properties", the following settings are visible:

Columns	3	Rows	6
Cell Padding		Cell Spacing	
Alignment	Center	Border	1
Width	600	Height	
Class	-- Not set --		
Table Caption	<input type="checkbox"/>		

The "Width" field (600) and the "Border" field (1) are circled in red. The dialog includes "Insert" and "Cancel" buttons at the bottom. The background shows a page editor with a "Table Page" title, a permalink, and various editing tools.

To increase the space between the text and the table border, rows and columns, enter a number in the Cell padding and Cell Spacing text boxes

The screenshot displays a web editor interface with a modal dialog box titled "Insert/Edit Table". The dialog box is divided into two tabs: "General" and "Advanced". Under the "General Properties" section, the following settings are visible:

Columns	3	Rows	6
Cell Padding	5	Cell Spacing	10
Alignment	Center	Border	1
Width	600	Height	
Class	-- Not set --		
Table Caption	<input type="checkbox"/>		

The "Cell Padding" and "Cell Spacing" input fields are highlighted with red circles. The background shows a dark-themed editor with various toolbars and a right-hand sidebar with "Publish" and "Page Attributes" sections.

**Select the Advanced tab to view more Table options.
To change the Background Colour of the Table,
select the Background Color box**

The screenshot displays a CMS interface with a dark header bar containing navigation icons and labels like 'New', 'Gallery', and 'WPSQT'. Below the header, there's a 'Table Page' section with a permalink and an 'Edit' button. A rich text editor toolbar is visible with various icons for text formatting and alignment. The 'Insert/Edit Table' dialog box is open in the center, showing the 'Advanced' tab selected. The 'Advanced Properties' section includes fields for ID, Summary, Style, Language Code, Background Image, Frame, Rules, Language Direction, Border Color, and Background Color. The 'Background Color' field is highlighted with a red circle, and a 'Browse' button is visible next to it. The dialog box has 'Insert' and 'Cancel' buttons at the bottom. On the right side of the interface, there are sections for 'Publish' (with 'Save Draft' and 'Status: Draft' options), 'Page Attributes' (with 'Parent' and 'Template' dropdowns), and 'Order' (with a numeric input field). A footer area shows 'Path: p', 'Word count: 0', and 'Draft saved at 8:15:31 pm.'

Choose a colour from the Select a color pop up box and select Apply

The screenshot shows a web editor interface with a 'Select a color' dialog box open. The dialog box has three tabs: 'Picker', 'Palette', and 'Named'. The 'Picker' tab is active, showing a color picker with a rainbow spectrum and a vertical slider. Below the color picker, the 'Apply' button is circled in red. To the right of the 'Apply' button, the color input field shows '#2ea6d0' and a small color swatch. Below the color input field, there are 'Insert' and 'Cancel' buttons. The background shows a 'Table Page' editor with a toolbar, a 'Publish' section, and a 'Page Attributes' section.

Path: p
Word count: 0
Draft saved at 8:15:31 pm.

Select Insert to add the Table to the Page

The screenshot shows a web editor interface with a dark header bar containing navigation icons and the text '1', 'New', 'Gallery', and 'WPSQT'. Below the header, there's a section titled 'Add New Page' with a sub-section 'Table Page'. A permalink is shown as 'http://ccdm02.designbysimon.com/table-page/' with an 'Edit' button. The main editing area has a toolbar with various icons for text and table formatting. A modal dialog box titled 'Insert/Edit Table' is open, with the 'Advanced' tab selected. The dialog contains several input fields and dropdown menus for configuring table properties. The 'Insert' button at the bottom left of the dialog is circled in red. The background interface is dimmed.

Path: p
Word count: 0

Draft saved at 8:15:31 pm.

The Table is added to the Page content

Select Update to save the changes

The screenshot displays the WordPress 'Edit Page' interface for a page titled 'Table Page'. The page content area contains a table with 3 columns and 7 rows, highlighted with a red border. The table structure is as follows:

The interface includes a sidebar with navigation options like Dashboard, Posts, Media, Links, Pages, Comments, FAQs, Contact, Appearance, Plugins, Users, Tools, Settings, Gallery, and WPSQT. The main content area features a rich text editor with a toolbar and a 'Publish' panel on the right. The 'Publish' panel shows the page status as 'Published' and includes an 'Update' button, which is circled in red. The 'Page Attributes' panel shows the parent as '(no parent)' and the template as 'Default Template'. The footer indicates the page was last edited by admin on October 14, 2012 at 3:34 pm.

Add content to the Table and select Update to save the changes

In the Table Row Properties window, select a Row Type from the drop down menu

The screenshot displays a web editor interface with a 'Table Row Properties' dialog box open. The dialog box has two tabs: 'General' and 'Advanced'. The 'General' tab is active, showing a 'Row Type' dropdown menu with options: 'Header', 'Body' (selected), and 'Footer'. Other fields in the dialog include 'Alignment', 'Vertical Alignment' (set to '-- Not set --'), 'Class' (set to '-- Not set --'), and 'Height'. The background shows a table with the following content:

Services	Package
Web Design	Basic
	Standard
	Premium
Graphic Design	Web and Print
Photography	Portrait, Landscape

At the bottom of the editor, the path is shown as 'Path: table » tbody » tr » td' and the word count is 21. The draft was saved at 9:08:06 pm and last edited by admin on October 11, 2012 at 9:02 pm.

Select an Alignment option from the drop down menu to align the table cell contents horizontally

The screenshot displays a web editor interface with a 'Table Row Properties' dialog box open. The dialog box has two tabs: 'General' and 'Advanced'. Under the 'General' tab, there are several fields: 'Row Type' (set to 'Header'), 'Alignment' (with a dropdown menu open showing 'Center' selected), 'Vertical Alignment' (set to 'Top'), 'Class', and 'Height'. The 'Alignment' dropdown menu is highlighted with a red circle, and the 'Center' option is also highlighted with a red circle. The background shows a table with the following content:

Services	Package
Web Design	Basic
	Standard
	Premium
Graphic Design	Web and Print
Photography	Portrait, Landscape

At the bottom of the page, there is a path indicator: 'Path: table » tbody » tr » td' and a word count: 'Word count: 21'. The footer also contains the text: 'Draft saved at 9:08:06 pm. Last edited by admin on October 11, 2012 at 9:02 pm'.

Select a Vertical Alignment option from the drop down menu to align the table cell contents vertically

The screenshot shows a CMS editor interface. A table is visible with the following content:

Services	Package
Web Design	Basic
	Standard
	Premium
Graphic Design	Web and Print
Photography	Portrait, Landscape

The 'Table Row Properties' dialog box is open, showing the 'General' tab. The 'Vertical Alignment' dropdown menu is open, and the 'Top' option is selected. The 'Update Current Row' button is also visible.

Path: table » tbody » tr » td
Word count: 21
Draft saved at 9:08:06 pm. Last edited by admin on October 11, 2012 at 9:02 pm

Enter a number for the Height of the Table row, select Update Current Row from the drop down menu and select Update

The screenshot displays a web editor interface with a 'Table Row Properties' dialog box open. The dialog box has two tabs: 'General' and 'Advanced'. Under the 'General Properties' section, the following settings are visible:

- Row Type: Header
- Alignment: Center
- Vertical Alignment: Top
- Class: -- Not set --
- Height: 30 (circled in red)

Below the dialog box, the 'Update Current Row' dropdown menu is circled in red, and the 'Update' button is also circled in red. The background shows a table with the following content:

Services	Package
Web Design	Basic
	Standard
	Premium
Graphic Design	Web and Print
Photography	Portrait, Landscape

At the bottom of the page, the path is shown as 'Path: table » tbody » tr » td' and the word count is 21. The draft was saved at 9:08:06 pm and last edited by admin on October 11, 2012 at 9:02 pm.

The Table row contents are centered, the height of the row has increased, select Update

Per Page Options ?
These settings let you hide various elements on a per page basis.

- Hide Page Title
- Hide Site Title/Description
- Hide Menus
- Hide Standard Header Image
- Hide Entire Header
- Hide Info Bar on this page
- Hide Entire Footer

Note: the following hide "Page on Primary Menu" options work with the default menu - not custom menus.

- Hide Page on the default Primary Menu
- Hide Page on mobile devices (default menu only)
- Hide Page on the default Primary Menu if logged in
- Hide Page on the default Primary Menu if NOT logged in
- Menu "Placeholder" page. Useful for top-level menu item - don't go anywhere when menu item is clicked.
- Disable Visual Editor for this page. Useful if you enter simple HTML or other code.
- Allow Raw HTML and scripts. Disables auto paragraph, texturize, and other processing.

Select Sidebar Layout for this page - overrides default Page layout.

- No sidebars, one column content
- Single column sidebar on Right
- Single column sidebar on Left
- Double Cois, Right (top wide)
- Double Cois, Left (top wide)
- Double Cois, Right (bottom wide)
- Double Cois, Left (bottom wide)
- Split - sidebars on Right and Left

Additional Top Widget Area - Enter name of a Per Page Widget Top Area to display.

Primary (top) Replacement - Enter name of a Per Page Widget Area to replace the standard Primary (top) area.

- Scroll Down to the **Per Page Options** section
- Choose **No sidebars, one column content** for the **Sidebar Layout**
- Scroll up and select **Update**

Select Update to save the changes

The screenshot shows the WordPress admin dashboard for a user named Simon Doherty. A yellow notification bar at the top states "Page updated. View page". The main content area is titled "Table Page" and shows a table with the following data:

Services	Package	Price in Euros
Web Design	Basic	450
	Standard	700
	Premium	950
Graphic Design	Web and Print	75/h
Photography	Portrait, Landscape, Products	45/h

Below the table, the path is "p" and the word count is 21. A draft was saved at 9:30:24 pm and last edited by admin on October 11, 2012 at 9:28 pm. The right sidebar contains the "Publish" section with a red circle around the "Update" button, and the "Page Attributes" section.

Change the Format of the text inside the Table row, highlight the row and select Heading 1 from the format drop down menu, select Update

The screenshot shows the WordPress 'Edit Page' interface for a page titled 'Table Page'. The table below has a header row highlighted in blue. The 'Heading 1' option in the text formatting toolbar is selected. The 'Update' button in the Publish sidebar is also circled. A yellow notification bar at the top indicates 'Page updated. View page'.

Table content:

Service	Package	Price in Euros
Web Design	Basic	450
	Standard	700
	Premium	950
Graphic Design	Web and Print	75/h
Photography	Portrait, Landscape, Products	45/h

Path: table » thead » tr » td » h1
Word count: 21
Draft saved at 9:33:01 pm. Last edited by admin on October 11, 2012 at 9:31 pm

The text in the Table row is resized to Header 1 font size

Select the Euro symbol to add to the page

The screenshot shows a web editor interface with a 'Table Page' being edited. A 'Select custom character' dialog box is open, displaying a grid of various symbols. The Euro symbol (€) is highlighted with a red circle in the grid. A yellow tooltip points to the Euro symbol with the text 'euro sign Use left and right arrows to navigate.' To the right of the grid, a larger preview of the Euro symbol is shown, also circled in red. Below the preview, the HTML code '€' and the NUM-Code '€' are displayed. The background shows a table with services and their rates.

Service	Rate
Premium	950
Graphic Design	75/h
Photography	45/h

HTML-Code: **€**
NUM-Code: **€**

The Custom Characters are added to the page, select Update
